True Bff's

Chapter 1 - Confusion

It was a Friday afternoon, school was over so it was summer now my parents work a lot so I had a key, when I opened the door it surprised me that my parents where actually there with my grandpa and grandma I call them

Gapa and Gama for short I have since I was a baby I know its weird but they love it so I really don't care,

they call lexie for short my real name is Alexis and I am turning 18 tomorrow. As I walked in to the house with a strange look on my face I saw from the corner of my eyes they where not alone there was someone there, I looked over and there they where two perfectly normal looking parents and Him their Hot Crushable Son, Mike. When I looked back confused my mom ran to me and hugged me with tears pouring out of her eyes I would have asked what was going on but I was still shocked not only is he crushable but he is a crush from two years ago I dated him in my old school and he was my lover I moved on when I moved but yet he sent me an email a year ago saying 'I can forget about you and I could move on'

I really didn't care since I had a gorgeous boyfriend that is totally sweet an a god at kissing, we are very close... I am a Cheerleader and he is a football player, we met by the football almost hitting me and him pulling me out of the way... MY HERO. Jake *Sigh*. Though now I really wanted to ask what was going on because it was getting awkwardly silent.

"Umm... what's going on?..." I asked annoyed knowing that this would not be good "And what are they doing here?" I finished my sentence pointing to my ex-boyfriend Mike and his parents.

"well lexie first of all-" Gama cut Gapa off with an elbow to his rib

"lexie sweetie umm... well... forget it maybe some other time I can see you are tired and need a rest" she said trying to smile but it didn't fool me

"No really what going on?" I asked even more annoyed

"no really it nothing go to your room and get ready for dinner" my mom said leaning off me and wiping her face with the back of her hands. I couldn't say no because it made my stomach hurt to see me mom cry like this but I didn't get it. With was going on? Did someone die? Did someone get hurt? Was someone going to die? Was it my Gapa? He has cancer because he smoked before and I don't want him to die. So many questions so harsh moments but I am not going to give up I will do anything I can to get this loving family going again. I ran upstairs into my

room and jumped into my bed but after 3 seconds I picked up my cell phone and dialed lizzie's phone, she is my best friend we where since grade 3 and we still are we don't keep anything from each other. She picked up on the 2nd ring.

"Hey girl what up" she said

"something very weird is going on" I said

"something should be because I just got home and I am tired so hurry with the details before I hang up on you!" she said jokingly

"well first off all, my mom is crying, my ex-Boyfriend is here with his parents, also my Gapa and Gama" I said worried

"what did someone die?" she asked

"well I don't think so they would have told me all they said was later but that's confusing what's so bad enough that they cant tell me right now?" I asked worried.

"well girl be happy your going to have some juicy summer gossip while I have to go to my grandpas

farm all the way in Portugal" she said annoyed while I laughed

"what's so bad about that your going to be riding horses everyday?" I asked

"what's bad is that my grandpa is so lame he hates music so I have to wear earphones he wont let me show my belly with means I have to cover every tip of my body and he hates piercing so I have to take mine off ever the ones on my ears" she said rudely

"well that's only three thin-" she cut me off

"oh! No! Alexis I promise you that the list goes on its just that I don't want to bore you to sleep beside you got your own problems" she said

I laughed and said

"I got to go eat bye Liz"

"bye lexie" she said as we both hung up the phone.

I changed my cloth and put my hair into a ponytail my strawberry blonde hair was up to my elbow. After I was done I ran downstairs and sat at the table

apparently mike and his parents where still here he was looking at me oddly so I asked

"what are you looking at?"

"nothing it's just that you got bigger... well your body parts" he said mockingly I looked away disgusted then added

"do you know what's going on?"

"Nope I'm just as clueless as you" he said annoyed looking at his parents, they had not emotion on there faces and it was starting to freak me out I used to love his parents they where so happy and cheerful.

I sat down and grabbed the fork twisted it around the fork and took a bite. No one talked the whole time when we where done I washed the dishes and ran upstairs I got ready put on some cute cloth some makeup and ran downstairs again.

"well bye" I said

"where are you going" my dad asked angry

"umm, just out with Jake, I told you Monday I had I date with him Friday" I said confused and still annoyed

"ok have fun" Gama said still trying to smile

"umm Ok" I said still confused but right on think a car pulled up and honked before I left I saw mikes angry face so I turned and asked

"what now!"

"Who's Jake???" he asked trying to control himself

"my boyfriend, who else?" I said normally and walked out of the house into the car and gave Jake a hello peck on the lips

Chapter 2

Stupid crush turned out to be my husband #2

Chapter 2 - My Date with Jake!!!

As he drove I looked out the window, the sun was setting and I could feel everything change like it usually does every time I'm with Jake. As he pulled up into an empty parking space I took of my seat belt. As we both got out of the car and entered the cinema

my phone rang I jumped at the startling sound I took my phone out of my miniskirt back pocket and looked at the caller ID it was Lizzie as I picked up I said

"what do you want, im on a date with Jake can you leave me alone girl or next time your on a date with Lucas I will do the same" she laughed and said

"girl I will mess you up if you do that" I laughed too and we both said

"bye"

"What she want?" Jake said with a big smile as he took my hand

"I don't know" I said and walked one step up the line for our tickets, he smiled and said

"So, what movie do you want to see?"

"I don't care as long as I get to hold onto you" I said with a teasing smile and then I winked at him

"Scary movie it is" he said smiling even more and leaning over to give me a kiss I also leaned over and when our lips met my mind went crazy he smelt so good and he was a great kisser

as our lips parted I opened my eyes to see him smiling

"Why'd you stop?" I asked

"I need to get the tickets" he said laughing as he paid for the tickets

then he took my hand and we both entered the place it was so dark and the movie was about to begin so we too a seat at the very top

"ready to be scared to death" i laughed

"I don't think that's possible cuz im going to be staring at you the whole time" he smiled him cute smile and winked at me I almost fainted to bad he was holding me by the waist.

the movie began with someone killing himself and I practically closed my eyes I was holding on to him so tight that I am not sure if he was even breathing but I did not care because I knew that he was enjoying it, as I looked at his face he was looking at me with a smile I've never seen before. I felt an urge to kiss him so I did this kiss was more passionate he was driving me crazy my hand was at his neck and my other hand was pulling on his hair until some little kid was like

" look mommy there kissing" he laughed

I was like

"shut up kid its none of your business" and Jake chuckled his hot chuckle and the rest of the movie I couldn't really remember since I was kissing him the whole time.

Chapter 3

Stupid crush turned out to be my husband #3

Chapter 3 - Surprise!!!

As he drove he home he asked if he could home inside and I asked why he said that he had a Surprise so I said ok as we entered every eye was on us.

"Hey Jake" Gama said happily she had always loved him like a son

"Hey grandma" he said back happily

"so what's the surprise" I asked excited

he hesitated for a second then went on his knees and pulled out a beautiful diamond ring which should have cost a fortune

"I love you Alexis and I want to spend my life with you, will you marry me" he said smiling his 'please say yes' smile

I squeaked yes with excitement and held out my hand I did not notice anyone around me but when I did look at them they all had the same expression... Priceless....Ha-ha, I stared at my ring on more time then jumped him and gave him a hug he was smiling... as always but I was happier then happy I was...overboard happy,

I gave him a peck and hopped toward Gama and showed her my ring until my dad said rudely.

"Sorry but this cannot happen"

"well why not" Jake and I said together confused

"because your supposed to be marring Mike" he said like it was obvious but this was no time for jokes I have just been proposed to from the love of my life and my dad says I am im supposed to marry my ex. boyfriend the Creep?

"What!!!" I said at the said time Jake and Mike said it too

"you heard me" my dad said shrugging

"NO! NO! NO! I AM NOT" I said angry

"well you have no choice" he said calmly

"Dad, I have always followed your rules but this is one I cant follow I am sorry but if you think im going to get married to that Rat! I am sorry but NO! I said as I grabbed Jakes hand and left the house but someone grabbed my hand.

"Da-" I was about to say until I realized it was Mike

"look im surprised too but why are you against marring me remember when we where dating you said you would want me forever where did that go?" he said serious but his voice breaking

"that girl was gone as soon as you said you don't want me" I said looking away

"I only said that because you where moving away I did not want to be hurt so I tried to get over you, look I want to do this" he said

"well to late, you should have said that 10 mins ago or even better 2 years ago, not let go of my Bitch!" I said rudely

"fine if your happy but I know your going to come back to me" he said Obnoxiously.

"in your dreams" I said and kissed mike in from of everyone this was more passionate then anything but I had to break it

"lets go" I said

he just nodded

"Aww! Its ok they like you it's just that I guess they did not see it coming... you know the proposal... I didn't either, we just finished high school!" I said a little sad

"what are you saying... your not going to marry me?" he said

"what! No! I was just saying how is this going to happen?" I said

"I got it all settled, you wanna go to Vegas with me?" he asked

"know there weddings suck like what the hells with Elvis" I said with a laugh

"can I ask a question?" he said

"sure?" I said

"mark...is my ex-boyfriend, and for the other part I have know idea" I said confused

"Oh" he said then he mumbled something

"do you...like him?" he asked, now I knew where this was going

"I used too but he broke my heart and I love you now so im alright" I said giving him a kiss but the little kiss started getting passionate we kissed for god knows how long but I had to break it

Chapter 5

Stupid crush turned out to be my husband #5

Chapter 5 - Vegas here we come

"wake up sunshine, we are here" I heard Jake say I looked up to see his face inches from mine so I gave him a peck and then I got out of the car.

"so what do we do here?" I asked

"gamble, parties, get drunk, get married, what is there not to do?" he asked

"you sound like you have been here before" I said

"well..." he said guiltily

"whatever" I said

"umm what do you want to do?" he asked

"I don't know, I've never been here before" I said

"Well them go exploring and meet be here in an hour, ok?" he said and I just nodded

I went allover the place not missing one mall, after an hour I got lost so I went up to a guy.

"Hey umm, do you know where the wedding chapel is?" I asked him

"well yeah I'll show you" he said smiling

"no its ok just point the direction" I said

"then how are we supposed to get married?" he asked

"oh, you think I meant 'lets go to the wedding Chapel and get married" I asked

"well isn't that what you meant" he asked confused and that's when I realized he was drunk so I just said

"no and never mind, I can find my own way"

"not so fast babe, how about spending a night at my place?" he asked grabbing my wrist

"not if my life depended on it" I said rudely

"playing hard to get huh?" he asked

"LET GO!" I screamed

"Make me" he said as he pinned me to the wall and kissed my neck

"AHHHHH!!! HELPP!!!" I screamed until he was off of me and on the ground I looked up to see some guy with his fists up, I am guessing he punched him

"are you ok?" he asked

"yeah, thanks" I said walking away and he walked with me

"umm don't I get a 'OMG you saved my life' or 'You are my hero you wanna make out'" he asked confused

"fine OMG you saved my life! HAPPY!" I said

"not really" he said

"well deal with it" I said

"fine, but at least let me show you the way to the wedding Chapel" he said

"how'd you kno-"I was about to ask

"I over heard you too" he said

"oh ok fine but hurry please I am already 5 minutes late" I said worried

Chapter 6

Stupid Crush Turned out to be my Husband #6

Chapter 6 - Wedding

"were here" he said smiling at me

"ok thanks" I said grabbing my stuff and when I looked up he was staring at me

"what?" I asked feeling uncomfortable

"nothing, anyways who's the lucky man? Huh? Huh?" he asked chuckling a bit

"ah! Shut up!" I said opening the door and getting out of the car and I had a feeling that I shouldn't do this, but of course I cant turn back now, I saw Jake standing right at the entrance looking around

"Jake!" I yelled

"Oh Alexis, Thank god, man I thought something bad happened... why are you so late?" he asked as I ran to him and he gave me a bear hug

"sorry, there were...unwanted guests" I said not wanting to tell him the truth

"I see one of them followed you here!" he said looking at the guy who had helped me

"oh! No, No, No! ... His a... a friend, he helped me" I said shocked

"I see, well shall we begin" he said taking my hand and pulling me but I wouldn't move even when I tried, but then I just couldn't do it.

"umm, Jake I don't think I can go trough with this" I said softly

"What?! NO WHY?!" he said sadly

"well first of all I miss home, I don't want to go trough this yet I want to finish school get a job have a life" I said in a whisper

"but you will have a life, with me!" he said tugging me once more

"sorry" I said and my voice cracked as a tear rolled down my eye

"give me one good explanation why!" he said angry

"Fine, I've always dreamt of my wedding I wanted a big scene I wanted rose peddles falling on me, I wanted every eye on me when I walked in, I spent years drawing my dream wedding dress even though I couldn't..." I said letting out 3 more tears

"if you want that then fine!" he said

"I'm not done..." I said wiping the tears with the back of my hand "Do you know what I wanted the most, I wanted to look to the crowd and see my Gama and Gapa watching me and wishing me the best of happiness...but that cant happen, can it?" I asked but he was quiet, I knew I had hurt him now but I couldn't help it.

"I thought so" and with that I walked away but he grabbed my wrist, I did not even look at him embarrassed for him to see all my tears

"so what? Does this mean we're over?" he asked

"you tell me" I said pulling my hand away and walked away

"Look im sorry" I heard him yell. I had no idea why he is sorry I should be sorry for what I just did. He is my boyfriend I should have not hurt him like that I wanted to go back but I couldn't because I knew if I did I would end up getting married so I walked even more until my high heels gave me blisters. I stopped at the 'welcome to Vegas' sign when I heard someone panted I looked over my shoulder to see the guy who had helped me

"hey, what are you here for" I asked

"after what I had saved you from I had to go after you, how do I know its not going to happen again" he said falling to the ground and panting I chuckled and pulled out my water bottle out of my purse and gave it to him he drank it all... finishing the bottle.

"I never got your name" I said chuckling

"Andy, Andy Andersons" he said smiling as he got off his feet

"that name suits you" I said laughing

"you know you don't sound like a girl who was just crying a moment ago... look at you your laughing" he said staring at me

"...Anyways" I said changing the subject

"so..." he said

"hey umm can you take me back home to LA?" I asked

"sure but umm... well I left the car at the wedding chapel parking lot" he said

"ARE YOU JOKING ME?" I screamed

"no" he said seriously

"fine but just to tell you I'm not walking" I said

"then what... I not going to carry you" he said

"AWE! Thanks for the offer" I said

"what I said I'm not!" he said

"I SAID THANK YOU!" I screamed

"AGH! Fine, but just to tell you this is why I don't have a girlfriend, girls want a romantic guy who can do everything, and just to tell me im not one of them" he said

"Ha-Ha your funny but carry me" I said as he walked over to me and carried me, as we walked we talked about random this like

"have you ever had a pet?" I asked

"I had a rat does that count" he smiled

"EWW!" I screamed and fell out of his hands and on the ground

"ha-ha Joking I have a pet dog named Bingo" he said picking me up again

"Bingo?" I asked

"What my brother named him" he said

Chapter 7

Chapter 7 - the looong walk!

"you never told me you had a brother!" I said

"he...died" he said sadly

"AWE! I'm so sorry" I said leaning my head on his shoulder

"look, I don't want pity from a girl" he said

"well then if I can't give you pity then..." I said before leaning closer to him and brushing my lip against him and he stopped walking he was died in his track, so I teased him even more by crushing my lips to his and kissing him be kissed me back as he dropped me

to the ground and held my waist, he was so good at it. I put my arms around his neck and we got deeper into the kiss until I broke it.

"Remember when you saved me and said 'WHAT? No kiss?" I said

"yeah!" he said breathless

"well are you happy now?" I asked

"no not really, I think more would be better" he said jokingly

"Kiss my ASS" I said laughing

"OK!" he said serious

"I was kidding" I said

"OH!"He said and I laughed

"your funny, I like you" I said he just laughed and we carried on talking about useless things until we got to the car, we drove for god knows how long and when we where finally at my house I ran to the door and banged on the door until my Gama opened it and I jumped on her

"Gama I missed you" I said crying

"oh! Hun your back I was so worried" he said hugging me back

"Hey Alexis" I heard Mike say I looked up to see him right behind my Gama

"Hiya" I said letting go of my grandma and walking up stared when I heard someone clear there throat I turned around to see Andy, OH CRAP

"every time you leave you seem to come back with another guy" chuckled Mike

"oh no Andy helped me back here he is a...Friend" I smiled then continued

"thanks Andy for everything you can leave now, oh wait can I have your number just incase I need to talk to you" I said as I pulled my cell out of my purse and put in his number

"kk bye" I said as he left

"bye" he smiled

I ran to my room locked the door pulled out my cell and called Lizzie she picked up on the second ring

"Liz I have to tell you something and I need you to be all ears" I said

"Anything please I just got to the farm this morning and Believe me its not pretty" she cried but I just continued

"well first of all yesterday I was going to go on a date when my dad said I cant because he engaged me to mike and so me and Jake ran away to vesas to get married on the way I was about to be raped but someone named Andy helped me. "awesome, see you tomorrow then" he said and hung up before I could say something else, I pressed end and put my phone away next thing I knew I fell asleep

Chapter 8

Stupid Crush Turned out to be my Husband #8

Chapter 8 - The Looong Walk

I woke up early in the morning because I heard my mom say

"Lexi there's someone at the door for you"

that's when I remembered what I had promised Andy yesterday

"I'm coming" I yelled back, after 2 seconds I got up out of bed ran to the bathroom brushed my teeth, took a quick bath, ran back to my room, brushed my hair and put it into a messy ponytail, I put on my blue shortcut shirt and my mini blue skirt, put on

some cute makeup. After I was done I ran downstairs grabbed my purse and ran to the door.

"Sorry it took so long, it takes time to look this good" I teased him while he smiled and his eyes scanned my body.

"well if your done checking me out then lets go" I said chuckling a bit

"well im not done yet..." he said and then after 1 more minute he said "now I am"

and we walked out of the house. From the corner of my eyes I see a black SUV pull up.

"OH Crap!" I said in a horrored whisper

"What?" asked Andy

"Jake...he's here!" I said and Jake Walked out of his car and walked towards up

"Hey, Alexis" he said it like nothing happened last night at Las Vegas

"umm, hi" I said rubbing my left arm with my right hand

"look, I am sorry for what happened between us last night" he said

"don't worry about it, its all forgiven" I said

"so... are we still...you know... together" he asked

"Ummm...." I thought but Before I could finish Andy cut in

"Ha-Ha you make me laugh, you take your girlfriend to Vegas wanting to marry her, you leave her alone telling her to meet you at the Chapel, while you knew that she did not know where that was, she walked around for hours got lost got almost raped and you think you have the right to ask if your still together, well let me make it easy for you, it Ain't gonna happen till you prove yourself worthy of her again" and with that we walked off leaving poor Jake alone. After we where a long distance from Jake I asked

"wasn't that kinda... mean?" I asked and his dog Bingo barked, OMG I almost forgot the dog was there I stopped walking leaned over petted, hugged it gave it a kiss then started walking again.

"Well, after what he did...NO!" he said

"Well Jake was always sweet and nice, one mistake doesn't make him a bad guy plus his my Boyfriend I should give him more credit then that" I said pulling out my phone and dialing Jakes number, I felt Andy tense beside me and his face was sad and mad at the same time.

"You know what?, your incredible, I have done everything to make it obvious that I like you, I even asked you out on a walk so I can take you to the restaurant at lunch and we can have fun, but nothing is working, why do you like Jake so much? Please give me a try! I Can make you happy...in fact I will with a of my heart love you way more then Jake ever did or ever will, Please just give me a chance" he said as he held my waist and looked deeply into my eyes, that's when I knew for sure I could trust him, so I leaned in and he did to, when our lips met it sent vibrations trough me I loved his lips they where so soft and hard at the same time they tasted like watermelons, I wanted more, as we got deeper into the kiss, he started walking backwards to a bench that was behind him and he sat don't and I said on his lap taking my hand and pulling his face closer as

he did with my face, he pulled at my roots and I opened my eyes to see his open as well his eyes where full of lust, ummm this was so right! I loved him... but for some reason I felt that I only loved how his lips felt to mine. He pulled away and smiled I smiled back

"I love you Alexis" he said

"me too" I said and we both pecked each other as the dog barked

"Ha-Ha lets go before Bingo gets mad as attacks up for being so Lovey Dovey" he said as he took my hand and we both walked for hours talking. When it was lunch we went t a restaurant and we had lots of fun at night he dropped me off at home and I ran to my room pulled out my Cell phone and told Liz all about it, when Liz hung up I called Andy and we talked all-night

There are something's I'd love too keep but on the other hand I am so glad to be moving out of the house! It's the Start of everything new and I'm gonna make it work for me no matter what.

After I was done dressing up and all, I took my suitcase's and ran down stairs to see everyone staring at me.

"What Now?" I asked annoyed

"Mike's going to the same school as you" Dad Said

"WHATTT!!!!!" I Screamed! Are they sick in the head? And what made it worse was that they just walked away leaving me and Mike alone.

"Look I'm as surprised as you, but the only thing I don't get it why?" he said

"Why what?" I asked coldly

"Why is this so hard for you to take in?" he asked

"Let me see....Hmmmm!" I said sarcastically, it was quit for a while until I continued

"Maybe because you Hurt me before, but not again you wont" I said trying to hide my sadness.

"if I knew you where mad I would have never asked your parents to marry you" he said

"YOU!!!!!!!!!" I said but not as a question, only in a grudge like tone

"Yes, it was me" he said confusingly

"Why? My life was so perfect until you have to ruin it!" I screamed

"Sorry" he said Broken

"J-J-Just Leave Me Alone!" I scream and ran outside with my bags and started crying

"I've never seen you cry before.... This is entertaining" a voice said from behind., I turned around to see Andy staring at me. I wiped my tears away with the back of my hand

"Andy" I said

"Shhhh!" he said and hugged me trying to comfort me I kept on crying and crying for god knows how long

"Hey, lets go we're going to be late" he said

"what do you mean we?" I asked

"I applied for your school and with my perfect grades they had to accept" he said mockingly and pulled me up and into his car.

"Andy..." I said

"Yes?" he said starting up the car

"Thank you!... you're the perfect boyfriend" I said and he just smiled and with a chuckle we where off to start our new life!

Chapter 10 - I'm ready!

we pulled up at the school and we got out of the car

"are you ready?" said Andy

"not really..." i said

"you'll do great" he said

we entered the school together holding hands and when we got to the office some guy came up to us

"hey you must be the new students.....you are aren't you?" he asked hopfully

"that's us!" i said

"that's good, I'm Alex" he said

"oh that's ironic, I'm Alexis" i said and he smiled as we looked into each others eyes. He had blue eyes and jet black hair he was skinny but not anorexic he was just perfect, these days everyone seems to be built.

"I'm Andy, her boyfriend" Andy said getting in front of me

"i understand" said Alex and he handed Andy our schedule's and room key.

"good" Andy mumbled under his breath as Alex walked away

"what was that" i asked angry

"your mad?" he asked rudly

"yes i am" i said

"for what? i should be angry!" he said

"for what" i said

"you where flirting with some guy you just met while me, your boyfriend just watched" he said

"i was not flirting and i can control myself" i said

"really?" he said sarcastically

"yes and when you learn to trust me... call me" i said as i took my schedule and key from him and walked away.

"so, your breaking up with me on the first day" he asked and i really didnt have an answer i really didnt

want to say yes and i really didn't want to say no.

"you tell me" i said and walked away not believing how bitchy i sounded

"you said you loved me" he said and with that i froze remembering back to the kiss

"that was when you kissed me, a girl says stupid things during kiss'" i said blushing and ran to my new room, when i entered i saw 2 girls on the couch watching t.v

"hey you must be our new roommate!" said a the one on the right with a preppy vioce. she wore a pink shirt with a white skirt, she had brunette hair with hazel eyes.

"yup that's me" i said in a low sad vioce

"awwww! someone sounds like they just went through a breakup" said they one on the left in a pretend sad voice as she pouted, she has black hair with red highlights and a red shirt with a black skirt, she looked goth but obviously she wasn't.

"hey I'm Jenna and this is Samantha" said the preppy girl that's named jenna

"I'm Alexis" i said trying to sound normal

"do you need help with your stuff?" Samantha asked

"its Ok, i don't want to bother you" i said

"don't worry about it, what are roommates for?" said Jenna

"Ok, if your sure" i said and when we where all done we sat down in the kitchen and told there story's why they where send to this school, Jenna's parents travel, and Samantha's parents died when she was a 5 in a car crash and her foster parents sent her here hoping to stop her sadness.

"so tell us who!" said Jenna

"what?" i asked confused

"who did you break up with?" said Samantha

"well I'm kinda tired can i tell you later?" i asked faking the whole tired thing, they exchanged looks and said "Fine"

stupid mistake and now they don't trust us to live alone, he left the candles on

during the black out and it burned the whole bathroom, sheesh! I had to us

my noughbors house to use the bathroom, anyways thankfully I noticed while

Jesse was asleep and woke him up, we put the fire out with buckets of saved water

in the basment! Lol anyways I will tell you what happens later

at my new school! But all I'm going to say it.... I wonder if the boys

their like blonds!? Lol anyways read the story and comment, vote please
